Specials		Check my Morning Message channel today for a weekly message explaining your assignments.	<div style="background-color: #4a7ebb; color: white; padding: 10px; border-radius: 10px;"> <h2 style="margin: 0;">FLAT STACK ADVENTURES</h2> <h3 style="margin: 0;">CONTINUE.....</h3> </div>		<p>Live Chats Held at 10am & 1pm You only need to attend 1</p>	<p>Live Chats Held at 10am & 1pm You only need to attend 1</p>
ELA	<p>Virtual "Show and Tell" Flipgrid</p> <p><i>Optional Flipgrid Assignment</i></p> <p>Many of you have asked for an outlet to show your fun things you have been creating and doing while in quarantine. Here is your flipgrid! I can't wait to see your videos!</p>	Read Theory (1 Article)	Read Theory (1 Article)	Read Theory (1 Article)	Read Theory (1 Article)	
<div style="background-color: yellow; padding: 5px;"> Figurative Language Task Card Assignment: Finish all Task Cards by FRIDAY (this was an assignment you already have in your files... from a few weeks ago. I need you to go back and complete all the slides by FRIDAY!) </div>						
Math		Mutiplying Fractions with Whole Numbers Task Cards # 1-24 Teaching Review Video Task Card Recording Form	Mutiplying Fractions with Whole Numbers Task Cards # 1-24 DUE TODAY!	I Ready Math Lesson & I Ready Math Games (15 min) I will be checking your math game minutes 😊	<p>I will post the link in TEAMS</p> <p>I Ready Math Lesson & I Ready Math Games (15 min)</p>	

HOW DO CLAWS HELP LAND MAMMALS SURVIVE?

ASK

We will use multiple sources to learn **the functions of land mammals' claws for survival.**

The sources are:

1. Video
2. Informational Text
3. Interactive Diagram
4. Fact Sheet
5. Video
6. Article

As you collect information from each source, be sure to record the information in the table on page 8.

This information will help you answer the question.

Over the course of this week complete the Science Inquiry Assignment. You have four days to complete and it will be due on FRIDAY! I need you to answer all questions in complete sentences using evidence sentence stems. Don't forget to also write a complete paragraph (6-8 sentences on the last slide)

Listen to my weekly message in Morning Message Channel again where I go over the directions for this assignment.

Science Inquiry ~ **How Do Claws Help Land Mammals Survive** ~ **DUE TODAY**
